

CBS4 4" Deluxe Professional Communication Speaker

Thank you for your choice of Speco Technologies' **CBS4** Amplified Speaker. This unit is designed and manufactured to provide an economical solution for extending your indoor communication capability. The sturdy ABS construction and power up to 10W max ensure a long and versatile life.

INSTALLATION INSTRUCTIONS:

- 1) The **CBS4** is constructed with an indexing, metal mounting bracket.
- 2) Loosen the knobs connecting the metal bracket to the speaker and remove.
- 3) The bracket contains an opening to secure to the mounting surface with screws. It is advised to secure the bracket before connecting the speaker. Keep in mind that this speaker comes with a 10' lead, so the speaker has to be installed less than that distance from your source.
- 4) Reconnect the bracket to the speaker, tilt the speaker to the desired angle, and tighten the knobs to lock the speaker at the desired angle.
- 5) The lead has a 3.5mm jack at the end, and that should be connected to your desired audio source.
- 6) Volume is set and controlled from the source.
